# MERCon 2025

MORATUWA ENGINEERING RESEARCH CONFERENCE

**14-15TH AUGUST 2025**

**University of Moratuwa**
Moratuwa, Sri Lanka

As MERCon 2025 organizing committee, we invite proposals for workshops with the aim of exposing our participants to expert knowledge and the opportunity to discuss novel trends and scientific contributions in all engineering disciplines. We strongly encourage the workshops to be highly interactive and in high demand. It is preferred to have foreign collaborators.

## Proposal details

Proposals are limited to no more than five pages and should contain the following information:

- Organizers' names, affiliations, and email addresses with one person identified as the primary contact person.
- Description of the workshop in terms of abstract, objectives, goals, relevance to Engineering discipline and expected outcomes.
- Motivation for why MERCon 2025 workshop on this topic will be effective.
- Description of target audience, estimated number of participants, and how the participants will be attracted.
- Workshop duration, format, activities, and schedule.
- List of program committee members and their short biographies describing relevant of qualifications and experience .Preliminary list of invited speakers (if any) and their brief profiles

## Evaluation criteria

All workshop proposals will be evaluated based on the following criteria:

- Relevance of the workshop to the engineering disciplines
- Interest in the community on the important technical topic of concern
- Novelty concerning other conference forums
- Likelihood of strong participation
- Strength of the profile of researchers Confirmation program committee members
- Profiles of the keynote speaker or a tutorial presenter
- Letters of support from colleagues/researchers indicating their interest and intent to participate in this workshop

Submit your proposals to the Workshops Chairs
Dr. Thushara Subasinghe: thusharas@uom.lk

**Deadline: 15th May 2025**
